Marc Scudillo, Managing Partner, attributes the firm's success to their strong partnership with the EisnerAmper accounting firm professionals who are mutually committed to providing clients with financial planning that goes beyond product selling to address and serve the needs of the client. Marc said, "We know the client's expectation of us is that we will address the complexity of financial decision making from all angles. We recognize that every aspect of their plan can be impacted by a change in any portfolio component."
